

2004 Awards for Solar Business Achievement Call for Nominations

Each year, the SEPA Board of Directors selects organizations from the membership that have recently completed and/or committed to outstanding solar projects and investments. These companies are presented with awards at the annual conference and exhibition (Solar Power 2004, October 18-22, San Francisco), and publicized through a press release put out shortly before the conference.

The Board requests your nominations of companies who are deserving of these awards. Please take this opportunity to nominate your company or another SEPA member organization for consideration.

To submit a nomination, please fill out the form below and return it by close of business on September 3 to jjudd@solarelectricpower.org or by fax at 202-857-0891. Last year's award winners are listed below, along with the categories of awards that were presented.

Award Categories and 2003 Recipients

Public Awareness and Industry Leadership

2003 winner: Roseville Electric

Development of Solar Community

2003 winners: Los Angeles Department of Water & Power and San Francisco Public Utilities Commission

Development of a Sustainable Solar Business Plan

2003 winner: PowerLight Corporation

If you have any questions, please contact Julia Judd at 202-997-1532 or jjudd@solarelectricpower.org.
